

TOEBOARD DURALOK

INGENIOUS STEEL TOEBOARD

SMART SOLUTIONS FROM DURALOK

In response to customer demand for smart solutions, Scafom-rux developed an ingenious and new steel toeboard for the Duralok system. It uses so-called Cup Joints to make the necessary interconnections. The Duralok steel toeboard is more durable, stronger and safer than traditional and still widely employed wooden toeboards.

Mostly due to a higher level of fire hazard in industrial applications, the wooden toeboard is increasingly rejected from work sites. The new Steel Toeboard from Duralok considerably mitigates this particular risk.

SOLUTIONS!**

STEEL TOEBOARD IS MORE DURABLE, STRONGER AND SAFER

The unique design of the new Duralok Steel Toeboard features 4 mounting brackets which ensure that the steel toeboard is mounted correctly between vertical and horizontal standards while simultaneously and securely resting on the ledger itself. This also increases the amount of useable functional space. Fewer obstacles under foot substantially increase work-site safety.

User-friendliness is improved significantly due to the fact that the cup joints of the Duralok system remain free at all times, ensuring easy handling. In addition, the design of the steel toeboard makes it perfectly stackable and thus easy to transport.

Other benefits ingenious Duralok Steel Toeboard include:

- Durable steel fabrication, hot-dip galvanised
- Designed for strength and durability, reduced risk of damage and deformation
- Resistant to most fire hazards
- Easy to mount and demount
- Cup joint always remains free
- Larger and safe work floor area
- Easy to stack, store and transport

Article Nr.	Description	Length	Weight (kg/lbs)
E04DL0345	Toeboard 0,60 m	0,60 m	2.6/5.7
E04DL0346	Toeboard 0,70 m	0,70 m	2.9/6.4
E04DL0347	Toeboard 0,73 m	0,73 m	3.0/6.6
E04DL0348	Toeboard 0,75 m	0,75 m	3.0/6.6
E04DL0349	Toeboard 0,90 m	0,90 m	3.4/7.5
E04DL0350	Toeboard 1,00 m	1,00 m	3.6/7.9
E04DL0351	Toeboard 1,30 m	1,30 m	4.4/9.7
E04DL0352	Toeboard 1,50 m	1,50 m	4.9/10.8
E04DL0353	Toeboard 1,80 m	1,80 m	5.7/12.6
E04DL0354	Toeboard 2,00 m	2,00 m	6.2/13.7
E04DL0355	Toeboard 2,50 m	2,50 m	7.5/16.5
